HOUSE & JACKSON
VETERINARY HOSPITAL

Welcome to our newsletter, keeping you up to date with what’s happening at The Pet Clinic

CARDIOLOGY

At House & Jackson, we are very fortunate to be able to offer a Cardiorespiratory Referral Service. Cases are seen by our senior small animal associate, Thomas Schulze CertVC MRCVS, at our Blackmore branch. Thomas has been with H&J for almost 30 years and is a certificate holder in Cardiology.

This is a service that not many practices can offer so we are very blessed to have Thomas on our team.

More information can be found on our website or you can book an appointment with Thomas to discuss your needs. Call us on 01277 823858

WELCOME SABRINA!

Say Hi to the newest member of the team, Sabrina!

Sabrina graduated from the Royal Veterinary College in June 2025, and recently joined H&J as a newly qualified vet. She is enjoying working with both the equine and small animal teams, learning from their vast experience and knowledge in all aspects of veterinary medicine to develop her skills.

Welcome to the family, Sabrina!

COULD YOUR DOG SAVE A LIFE?

We are looking for very special pups who would be willing to **DONATE BLOOD** for our patients in need

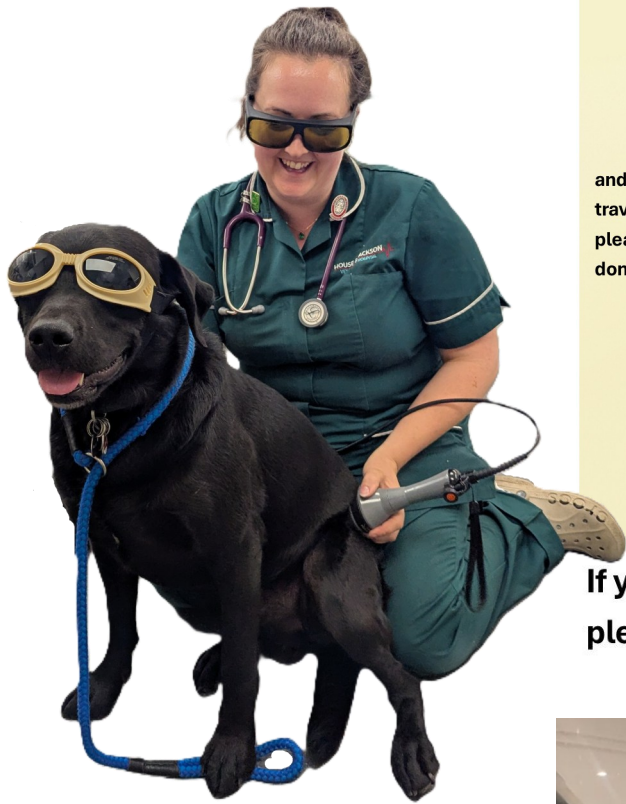

If your dog is...

- fully vaccinated, fit and healthy
- treated for fleas and worms
- over 25kg in weight
- not on any medication
- between 1 and 8 years old
- well behaved

and they have never travelled abroad, please consider donating blood

If you think your pup may be suitable (and willing!) please email us on info@houseandjackson.co.uk
