You may have already heard but we are so proud to announce that we won the Petplan **Practice of the Year 2024** at the Veterinary Awards! It is a huge achievement for us, and for our team to be acknowledged by you, our clients, in such a way, we are truly humbled.

Thank you, for your support - we always knew our clients were the best!

Saturday 27 April was **World Veterinary Day**, and May was **Veterinary Nurse Awareness Month**. We're very blessed to have such expertise, kindness and compassion amongst our team at H&J!

Our **Pet Health Plan** helps you reduce and spread the cost of routine and preventative health care for your pet.

Meet our new vet, Kim! Kim has recently joined H&J as a Small Animal Vet having been a vet student here 15 years ago. Kim has spent the last 13 years working in a small practice in Essex, where she attained her ECC Certificate. Outside of work Kim is kept busy looking after her 3 sons, 2 rescue cats and 3 chickens! She also likes running and has previously completed a 50km ultra race! Give us a call to book your appointment with Kim.

**New laws requiring all pet cats to be microchipped came into force on 10th June.**

All pet cats must now be microchipped and registered so that owners can be more easily located if they go missing. If you do not chip your cat, you risk a £500 fine. Microchipping is quick and pain free, and can be carried out by a Vet or a Registered Veterinary Nurse.

Do you know about our **Pet Health Plans**? For a regular monthly amount, our bespoke plans brought to you by Vetsure, your pet will be entitled to receive their annual vaccinations, six monthly health checks, flea and worming treatment, microchipping (if required), and many more discounts, enabling you to spread the cost AND save money!
