

Welcome to our September newsletter, keeping you up to date with what’s happening at The Pet Clinic

Have you seen our bespoke keepsake bottles? They have been handmade by one of the H&J family, and are perfect for a lock of fur, or baby teeth, or even some ashes. They are on sale at all three of our branches, and we can mail them out to you if you can’t get to us.

Autumn is here!
As beautiful as Autumn can be, it can also be a stressful time for our animals. Keeping them calm whilst still managing to enjoy the season can be challenging. If you need a little bit of advice, please check out the **FIREWORKS** and **HALLOWEEN** pages on our website, or speak to one of our vets.

If you see this candle lit up in any of our Receptions, it means someone is saying goodbye to their pet. As a mark of respect, we ask that during this time people speak in a low voice and keep noise to a minimum. Thank you. 🙏

Pet Health Plan.

Our **Pet Health Plan** helps you reduce and spread the cost of routine and preventative health care for your pet.

What's included?

- Annual Core Vaccinations
- Flea & Worming Treatments
- Microchipping

And more! Speak to the practice team for more information.

What will I save?

These are the savings you will make using our plan versus buying the same preventative care products individually.

| Plan | Monthly Cost | Annual Savings |
|------------|--------------|----------------|
| Small Dog | £20 | SAVE £95 |
| Medium Dog | £21.50 | SAVE £108 |
| Large Dog | £24 | SAVE £123 |
| XL Dog | £32 | SAVE £76 |
| Cat | £18.50 | SAVE £92 |
| Rabbit | £12.50 | SAVE £63 |

Brought to you by **vetsure**

Get **5 WEEKS' FREE** PET INSURANCE!

Do you know about our **Pet Health Plans**? For a regular monthly amount, our bespoke plans brought to you by Vetsure, your pet will be entitled to receive their annual vaccinations, six monthly health checks, flea and worming treatment, microchipping (if required), and many more discounts, enabling you to spread the cost AND save money! Vetsure can also talk to you about their Lifetime Pet Insurance and how you can benefit from 5 weeks free with no commitment. **Click on the images to visit our website, or call Vetsure on 0800 050 2022**

November is Antibiotic Amnesty month!

Did you know Antimicrobial Resistance (AMR) is one of the biggest global health issues of our time?

Antibiotics are essential to treat many conditions in both humans and animals. But they must be used carefully, to ensure they are effective when patients really need them.

Clients will often have a stash of antibiotics at home, either from a previous pet or a current prescription that they didn't finish giving. The temptation to self-treat their pet is higher if they are easily accessible.

Antibiotics disposed of inappropriately, such as in the water system or in the bin, can lead to environmental contamination, increasing the risk of resistant bacteria, damaging the environment and affecting local wildlife.

This November, return your unused antibiotics to us!
